Local Scene:
Surabaya Missing Spaces

SUB Festive

There is a time to get down,
there is a time of rising.
The town now is more crowded
than usual! Every movement
becomes more organized, bigger, and
archived as well. In fact, there are
cause and effect. When something
has been born, it's also growing.
By the time, it learns everything
around and, of course, makes
any products from its creativity.
